Appliance

DESCRIPTION:

Upgrade to LED with these standard A15 shape household light bulbs with a medium base (E26). These Dimmable bulbs are an energy efficient replacement for incandescent bulbs. At 6 watts, they use 86% less energy while providing as much light as a traditional 40 watts bulb at a 450 lumens output. Long life LED technology means up to 15,000 hours of reliable service that is flicker free and instant on at full brightness unlike compact fluorescent bulbs. These lamps are ETL listed for damp location installation and contain no mercury or other harmful chemicals.
