High Lumen Lamps

DESCRIPTION:

Sunlite Bullet LED T36 corn bulbs are the perfect replacement for metal halide, mercury vapor, and high/low pressure sodium bulbs in high bay fixtures. These bulbs are instant on at full brightness with no warm up time. Each bulb contains 53 LEDs giving off a bright 2600 lumen at 5000K Super White color temperature. Provides as much light as a 225 watt bulb while only using 20 watts of electricity. With a 50000 hour lifespan these bulbs will provide significant savings in electricity over their lifetime and require less maintenance for hard to reach fixtures. Ideal for warehouses, garages, workshops, barns, retail stores, gyms and other commercial/industrial applications. UL Listed for Damp Location Installation. They have a medium base (E26) and can be used with mogul base (E39) adapters (not included). The 220 degree beam angle gives a broader spread than UFO bulbs and more downlight than corn bulbs.
