Mushroom

DESCRIPTION:

The Sunlite Traditional Dome ceiling light can best be described by two words: Simple and Elegant. With its stunning Alabaster Glass Shade and its brushed nickel trim, this adjustable color temperature flush mount fixture will add a touch of class to your décor! Features 1 tantalizing alabaster glass, 15-Inch diameter, and its LED technology requires no bulbs!

FEATURES:

- **TRADITIONAL DESIGN** – This classic flush mount ceiling Light fixture combines a classic finish and minimal shape, making for a lovely fixture. The alabaster shade provides the perfect light distribution, while still making the brushed nickel mount a center focus.
- **LOW PROFILE** - Only 15 inches in diameter and, 4.75-Inch high this traditional fixture is low profile with a minimalistic design. It easily blends in with any open space. Perfect for spaces with little lighting. Awesome with a low ceiling designed areas as well.
- **ADJUSTABLE COLOR TEMPERATURE:** Test different color temperatures before installation and never be dissatisfied with CCT again. This simplistic fixture has adjustable LED color-changing technology (3000K, 4000K, 5000K), quickly meeting different demands in areas. With a simple switch inside the fixture, the color temperature is adjusted to your desire. **PLEASE NOTE:** select the desired color temperature before completely mounting the fixture. (Instructions included).
- **DURABILITY & EASY INSTALLATION** - This flush mount is made of high-quality metal and frosted alabaster glass which guarantees lifetime durability. The product meets strict high-quality requirements to be safe and reliable for many years to come. The flush-mount is UL listed for safety standards and is approved for Indoor location use. Designed to be installed with the mounting plate, all it takes is a simple screwdriver to mount the plate. Twist the glass shade to mount the plate. (Instructions are included)
- **UL LISTED** - This minimal flush mount ceiling light is suitable for damp locations, which is ideal for areas like kitchens or bathrooms. Since the color temperature can be easily adjusted with a switch; you can meet different demands in areas that require more coverage lighting like bedrooms, hallways, guestrooms, and garages. Great coverage lighting while keeping it simple.
