

BULBRITE[®] solana[™]

Set up is as easy
as screwing in a light bulb.

Simply download the Bulbrite Solana App and replace your current light bulb. No electricians or tools necessary.

Easy Functions

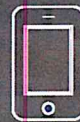

Scene Setting

Set specific lighting presets for moments in your day, like movie watching and dinner time.

Schedule Setting

Create automated settings to control your lighting for an entire day or longer.

Manual Control

Adjust your lighting anytime and anywhere with our simple to use app.

Dimmable

Dimmable via app and voice

Tunable White

Cool to warm white

Color changing

On select model 195120

Light that just gets you

Gradually brightens in the morning like a gentle sunrise.

Turns off when you leave for the day.

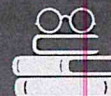

Left a light on? No problem, shut it off with the app from wherever you are.

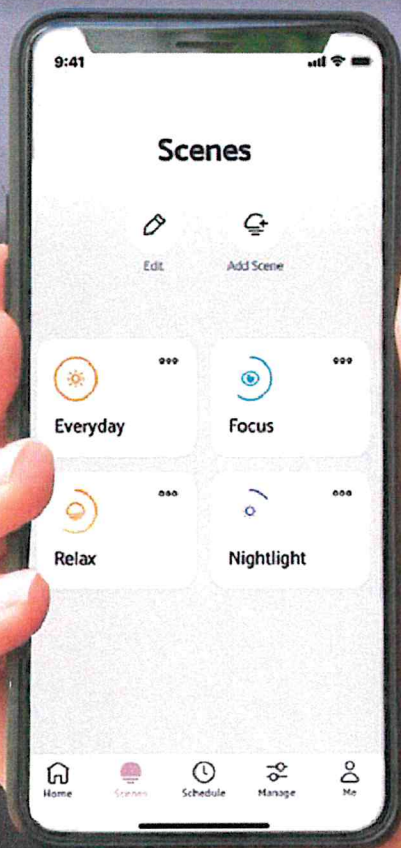

Set the mood at dinnertime with warm, dimmed lighting.

Fades the light as you settle in for the night.

The perfect preset scene for reading a book in bed.
