Sunlite 80813-SU LED G9 Bi-Pin Base Light Bulb, 3 Watt (40W Halogen Equivalent), 400 Lumen, Non-Dimmable, 30K - Warm White 1 Pack

o UPRGADE TO LED - Upgrade your fixtures with Sunlite LED G9 bulbs. These non-dimmable 3 watt bulbs save energy while providing the same amount of light as a 40 watt halogen bulb. They emit 400 lumen at 3000K Warm White color temperature.

o LONG LIFE TECHNOLOGY - With a 15,000 hour average life span you'll need to replace hard to access bulbs less often. They are a direct replacement and last up to 10 times longer than their halogen equivalent yet require no special handing.

o ENERGY SAVING - These bulbs provide the same amount of light as a 40 watt halogen bulb while only using 3 watts of energy. That translates into an annual energy cost of $0.36 based on 3 hrs/day at $0.11 per kWh.

o SMALL FORM FACTOR - Unlike other G9 LED replacements these bulbs are similar in size and shape to halogen bulbs for a cleaner look when installed in your fixtures. They feature a 300 degree beam spread for a more even distribution of light.

o SAFE FOR WET LOCATIONS - They have an Ingress Protection (IP) rating of 20 and are ETL listed for wet location installation so they are suitable for use outdoors and in landscape lighting.
