LED Security Light

Limitless Options
for the following applications:

- Site Lighting
- Security Lighting
- Entrances
- Perimeters

TCP's LED Security Light combines the look of a traditional barn light with the benefits of LED. An efficient alternative to HID, these security lights deliver bright uniform light while providing energy savings. A long 50,000 hour rated life significantly decreases maintenance labor and material costs over the life of the fixture.

The robust die-cast aluminum housing incorporates an impact resistant acrylic lens. An integrated button photocell is standard for dusk-to-dawn control. The security light mounts directly to a wall or horizontal arm up to 1 5/8" O.D. for easy installation or retrofit of traditional luminaires.
