

# Pavilion - 45W LED Canopy Light

Order Code: CP42239

## Description

Pavilion is a series of LED Canopy Lights. A surface mount luminaire with a low profile, lightweight design featuring long life and low maintenance. The fixtures are designed to allow for easy replacement of existing canopy lighting fixtures. The robust design paired with universal mounting makes them ideal for locations, such as retail canopies, where heavy pedestrian traffic makes maintenance difficult.

## Construction

The housing unit is constructed from heavy-duty aluminum. Fixtures are finished with a durable white polyester powder coating. To ensure weather-tight protection, each optical assembly is sealed with a silicone gasket. Luminaires are rated for an ambient operating temperature range of -40°C to 40°C.

## Electrical

The Class II power supply has a range of 120-277V, 50/60 Hz. 0-10V dimming capability is standard. Each fixture has a built-in 10kV surge protector.

## Mounting

The fixture is designed for universal surface and pendant mounting. IT IS THE CUSTOMER'S RESPONSIBILITY TO VERIFY THE AVAILABILITY OF ADEQUATE SPACE FOR INSTALLATION.
