VENTURE LIGHTING'S DESIGNER COLOR® LAMPS

Venture's Designer Color® metal halide lamps use a precise combination of halides within the arc tube which produces intense color without the use of tinted lenses or filters. Available in four vivid colors: pink, green, aqua and blue.

Achieve bright, dramatic colors in your architectural lighting designs while using fewer fixtures than LED or filtered HID sources. Standard metal halide lamps can be easily replaced with a *Designer Color* lamp of the same wattage. It's a quick and easy way to make a spectacular lighting change.

Applications

- Architectural lighting
- Site Lighting

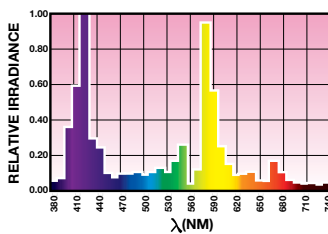

Benefits

- Vivid color without lenses or filters
- More light output than filtered HID colored light
- Simple, easy solution: change just the lamp - Fits standard metal halide fixtures

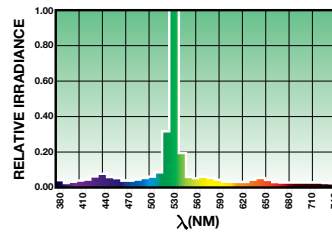

Designer Color® LAMPS ANSI Type-E

Color	Watts	Lamp Description	Product No.	Dom. Wavelength	Sat. (%)	Rosco Filter Equiv.	ANSI Code	Rated Life (hrs)	Finish	Oper. Pos.	Fig.	Case Qty
