SPECIFICATION SHEET

225W 4' LED High Bay Fixture

Item Number **63637**

- White Finish
- 5000K
- 29,250 Total Lumens
- 80 CRI
- 50,000 Hours
- Weight: 16.64 lbs.

Features & Benefits

- New LED high bay fixtures are an energy-efficient replacement for linear fluorescent lighting and provide exceptional light coverage.
- Bright light floods spaces for greater visibility and improved safety, great for industrial and commercial spaces, warehouses and storage facilities.
- Frosted diffuser eliminates glare.
- Multi-voltage feature of 120-277V is ideal for replacement of fixtures that operate on 277V building mains.
- 0-10V dimming.
- Ambient operating temperature: -4°F to 104°F (-20°C to 40°C).
- Includes two 41" suspension chains, with additional accessories available.
- Approved for use in damp locations.
- 5 year fixture warranty.

LED Linear High Bay Fixture Accessories

- Steel wire guards provide extra protection for fixtures.
- 5-Step dimming motion sensor
 - Dims at 10%, 20%, 30% or 50%.
 - Uses microwave technology to detect motion.
 - Features built-in adjustable daylight sensor.
 - Detection area, time delay and daylight threshold can be precisely set via dip switches.
 - Wide detection area ranges up to 52 ft. in diameter and 49 ft. in mounting height.
 - Includes clip for easy installation to high bay fixture.
- Battery backup* accessory provides power to fixture for 90 minutes in the event of a power outage.
 - Illuminates fixtures within 0.3 seconds of the detection of an outage.
 - Wire it to a fixture to ensure emergency lighting safety and compliance.
 - Short and open circuit protection.
 - UL/CUL Rated.

Wire Guard for 63637

Item No. 636366911
